CHIEF PROVISIONS OF MESSAGE OF PRESIDENT TO CONGRESS

- Advise the provision for four battleships this year, and an increase in coal stations for our navy.

- Thinks it is impossible with safety to now attempt a revision of the tariff.
- Urges Federal co-operation with state dairy and food commissions looking to the enforcement of pure food laws.

- Deepening of the inland waterways, especially of the Mississippi river system, to make them great national highways.
- The repeal of the tariff on forest products, especially the duty on wood pulp.
- The amendment of the public land laws to make them more effective against land grabbers and more favorable to bona fide settlers.
- Retention of the government's title to public coal and other mineral lands.
- Extension of the national forest reserves.
- Citizenship for the people of Porto Rico.
- Freer local self government for Alaska.

Washington, Dec. 3.--The message of President Roosevelt, the reading of which was begun in both the House and Senate soon after noon, was regarded as the most important since the Spanish-American war. Marked attention was given the President's emphatic declarations on the country's unpreparedness for war. Congressmen showed especial interest also in the comments on Chinese situation, corporate wealth, inheritance tax, tariff and currency. Senators Allison and Teller, with representatives Payne, Tawney and Williams had informed the President at 10 o'clock that congress was ready to receive any communication he might have, and the message was forthcoming when the two branches assembled at noon.

The president in his message to congress says:
No nation has greater resources than ours, and I think it can be truthfully said that the citizens of no nation possess greater energy and industrial ability. In no nation are the fundamental business conditions sounder than in ours at this very moment, and it is foolish when such is the case for people to hoard money instead of keeping it in sound banks, for it is such hoarding that is the immediate occasion of money stringency. Moreover, as a rule, the business of our people is conducted with honesty and probity, and this applies alike to farms and factories, to railroads and banks, to all our legitimate commercial enterprises. In any large body of men, however, there are certain to be some who are dishonest, and if the conditions are such that they act without supervision or control and at first without effective check from public opinion, they delude many innocent people into making investments or embarking in kinds of business that are really unsound. When the misdeeds of these successfully dishonest men are discovered, suffering comes not only upon them, but upon the innocent whom they have misled. It is a painful awakening, whenever it occurs, and naturally when it does oc-

cur those who suffer are apt to forget that the longer it was deferred the more painful it would be. In the effort to punish the guilty it is both wise and proper to endeavor so far as possible to minimize the distress of those who have been misled by the guilty. Yet it is not possible to refrain because of such distress from striving to put an end to the misdeeds that are the ultimate causes of the suffering and, as a means to this end, where possible to punish those responsible for them. There may be honest differences of opinion as to many governmental policies, but surely there can be no such differences as to the need of unflinching perseverance in the war against successful dishonesty.

Interstate Commerce.
No small part of the trouble that we have comes from carrying to an extreme the national virtue of self reliance, of independence in initiative and action. It is wise to conserve this virtue and to provide for its fullest exercise compatible with seeing that liberty does not become a liberty to wrong others. Unfortunately this is the kind of liberty that the lack of all effective regulation inevitably breeds. The founders of the constitution provided that the national government should have complete and sole control of interstate commerce. There was then practically no interstate business save such as was conducted by water, and this the national government at once proceeded to regulate in thoroughgoing and effective fashion. Conditions have now so wholly changed that the interstate commerce by water is insignificant compared with the amount that goes by land, and almost all big business concerns are now engaged in interstate commerce. As a result it can be but partially and imperfectly controlled or regulated by the action of any one of the several states, such action inevitably tending to be either too drastic or else too lax and in either case ineffective for purposes of justice. Only the national government can in thoroughgoing fashion exercise the needed control. This does not mean that there should be any extension of federal authority, for such authority already exists under the constitution in amplest and most far reaching form, but it does mean that there should be an extension of federal activity. It is merely looking facts in the face and realizing that centralization in business has already come and cannot be avoided or undone and that the public at large can only protect itself from certain evil effects of this business centralization by providing better methods for the exercise of control through the

TWENTY-FIVE CORPSES FOUND MANY OTHERS STILL BURIED IN EXPLOSION-TORN MINE

Bellevue, Pa., Dec. 3.--Twenty-five corpses have been taken thus far from the explosion-torn Naomi mine. Many miners, it is believed are still buried under the mountains of earth and rock. That all are dead is undoubted. Half the bodies were scattered along the tunnel, where the victims fell in the mad rush for safety. The rest lay piled two or three deep, 1,000 feet from the surface and almost blocking the entry. The bodies are recognizable, but badly burned. The rescuers are working in the face of dangers almost as great as those which culminated in Sunday night's disaster. The mine is now filled with suffocating fumes and the men can remain inside only 15 minutes at a time. Several have been overcome and were taken to the surface at the point of death.

National License For Railroads.
The most vital need is in connection with the railroads. As to these, in my judgment, there should now be either a national incorporation act or a law licensing railway companies to engage in interstate commerce upon certain conditions. The law should be so framed as to give to the interstate commerce commission power to pass upon the future issue of securities, while ample means should be provided to enable the commission whenever in its judgment it is necessary to make a physical valuation of any railroad. As I stated in my message to the congress a year ago, railroads should be given power to enter into agreements subject to these agreements being made public in minute detail and to the consent of the interstate commerce commission. (Continued on page 2.)

NO LEGISLATION ON CURRENCY BEFORE HOLIDAYS

Washington, Dec. 3.--There will be no currency legislation before the holidays. This became apparent today in connection with a meeting of the Senate committee on finance, at which the subject was discussed informally. In the minds of members there exists no present emergency calling for any hasty remedial legislation.

FIFTEEN BELIEVED TO BE DROWNED

Coeur d'Alene City, Idaho, Dec. 3.--The shore of Lake Coeur d'Alene is being searched for the bodies of 15 persons believed to have been drowned in the wreck of the steamer Defender. A heavy fog makes it unsafe for searching vessels to venture far out on the lake.

ANNA M. BRADLEY ACQUITTED AFTER ONLY TWO BALLOTS OF SENATOR BROWN'S MURDER

Verdict Was Read in Court and Bailiffs Could
Hardly Restrain the Enthusiastic
Demonstration

OF APPROVAL OF THE FINDING OF JURY

Crowd Followed the Defendant to an Automobile and Continued the Cheering--How the Jury Voted in the Famous Murder Trial.

WASHINGTON, Dec. 3.--After being out from 4:15 yesterday afternoon the jury in the case of Anna Bradley, on trial for murder of ex-Senator Brown, of Utah, returned a verdict of not guilty at 10:07 this morning. The jury took two ballots only. On the first the vote was eleven to one for acquittal. A second vote was taken about midnight and was unanimous.

Not the slightest hint came from the jury room that a verdict had been reached until the usual hour of convening court. The jurymen who voted against acquittal on the first ballot was Julius A. Frigg, a book-keeper and the oldest member.

When the verdict was announced there was a moment's silence. Then a great cheer went up in the court room, which the bailiffs had difficulty in subduing. The women spectators were particularly enthusiastic, jumping to their feet, applauding and waving their handkerchiefs.

Mrs. Bradley was hurried from the court house to an automobile, and was taken to the home of Mrs. Hayes, a friend. A crowd followed the little woman to the automobile, again cheering as it started.

CASE WENT TO JURY AT 4 O'CLOCK MONDAY

At 4:20 o'clock Monday afternoon 12 men, in whose hands the fate of Mrs. Annie Bradley rests, retired to the jury chamber, and the prisoner, trembling with emotion, with tears streaming down her white cheeks, was led through the crowded courtroom to the detention room below to await a verdict.

A deathlike stillness pervaded the room as the jurors filed slowly out and there was not a person in that great crowd that did not feel the impressiveness and solemnity of the moment.

Craning their necks to get a glimpse of the woman about to receive her verdict, dozens of people stood in the corridors and looked through the windows facing the courtroom--a courtroom where many a noted criminal had been tried and where Guiteau received the sentence that sent him to the gallows for killing President Garfield.

The Salt Lake judge, Orlando Powers, who has defended the woman so ably and without thought of remuneration for his services, gave the final word in her defense Monday when he summed up.

FIFTEEN INJURED IN TRACTION WRECK

Dayton, Dec. 3.--A Dayton and Xenia traction car jumped the track and overturned on the Shakerstown road today. Fifteen passengers were injured. VISCOUNT AOKI WILL SOON RETURN

Washington, Dec. 3.--Japanese Ambassador Viscount Aoki will leave for Japan shortly to make a personal report to the Mikado.

An intimation was conveyed at the Japanese embassy this afternoon that if any unfavorable Japanese excursion legislation is passed by congress the ambassador may not return.

In spite of the statements made at the Japanese embassy that Aoki has not been recalled "for good," the belief exists in official circles that the viscount will not return to Washington.

PROSECUTION IN THE POWERS CASE HURLS BOMBSHELL

Georgetown, Ky., Dec. 3.--The prosecution in the Powers case hurled another bomb shell at the defense today when it introduced Robert Noaks. He said he was ordered to form a company of desperate mountain men, arm them and take them to Frankfort where they were to hang the election commissioners if the decision went against the Republicans.

SETTLEMENT OF STREET CAR WAR NEAR AT HAND

Cleveland, Dec. 3.--A sensational turn in the street railway controversy today, indicates a settlement of a seven year war is at hand. The Cleveland Electric, in a letter to Mayor Johnson, announced the appointment of Attorney Fred H. Goff with full power to act in a settlement. The mayor called a special meeting of the council for Wednesday. Any settlement is expected to be on a basis of holding the company to operate at 3 cents. The main point at issue is likely to be the price of stock.

POLICE EXPECT SOLUTION TO MURDER MYSTERY

Hamilton, Dec. 3.--The police expect a solution today of the mystery surrounding the death of pretty Lily Han Gunawolfe, wife of Chas. Gunawolfe, of Dayton, O.

Mrs. Gunawolfe rushed down stairs in the Highland hotel yesterday with her throat cut from ear to ear. Blood was spurting from a gashing wound in her throat.

William Burns, a guest at the hotel, who posed as Gunawolfe's friend, was arrested last night pending an investigation. The police declare they have witnesses who will swear that Gunawolfe caught his wife and Burns in a room of the hotel. Police say Gunawolfe would attempt to kill himself, the police removed the prisoner from the county jail last night. He is a nervous wreck. Chief Reynolds said today he would charge Gunawolfe with first degree murder.

What would women do if The Advocate did not publish Want Ads?

Women are large users of the little "Want Ads". On a busy day in the Advocate office, countless messages are received over the phone from housewives.

Women have learned that it is easier to get what they want through the little "want ads". A cook, a serving maid, a nurse, no longer baffle the astute women of Newark. Either telephone to the Advocate and advertisement that evening and the following day--the cook, maid, nurse, or whatever it is wanted--is about all it takes to it.

AMUSEMENTS

BREWSTER'S MILLIONS.
"Monty" Brewster spent his million dollars last night at the Auditorium theater to the evident enjoyment of one of the largest audiences in that theater this season. The play was a comedy, free from the tiresome slapstick work, and the efforts of the young millionaire to dissipate his entire fortune of a million dollars within a year were very funny. Robert Ober as "Monty" was given exceptional support especially by Miss Ada May as "Barbara Drew," Olive North as "Janice Armstrong," Julia Mathis as "Peggy," and by Messrs. Montgomery, Junior, Horne and Shaw as the "little sons of the rich." The costuming and scenery were very good and helped to supply the reason for the unusual success of this play. The third act setting, the yacht of Brewster's, was especially elaborate and

MAYBOLD THE HOMELESS SHOE MAN
3 NORTH THIRD ST.

the storm effect was decidedly good. The play was a success, and each act received many curtain calls.
TONIGHT AT AUDITORIUM.
A. H. Woods will present his new play of the people, entitled "Betina the Sewing Machine Girl," an intensely interesting drama of modern time in four acts and 12 scenes. The scene is laid in New York City, and tells a powerful story of the struggles of a poor young girl to earn an honest living for herself and her blind sister, against the persecutions of a cowardly villain and his paramour, an adventuress. All the horrors of the sweat shop system are laid bare during the action of the piece, and it also touches upon the influence of the trusts upon the masses, the difficulty of getting justice for the poor. The play is full of exciting incidents and thrilling situations, while the stage pictures are unusually vivid. A thoroughly competent company will appear.

THE GINGERBREAD MAN.
"The Gingerbread Man" with its big roster of comedians and singers, has the longest all around cast that has left New York this season. It includes such well known artists as Jeanne Palmer, Della Nevin, Rose Murray, Charles Gallagher, Charles Morgan, Gus Pixley, Charles J. Quinn, Robert Parlin, and a fine chorus of over 50 voices. This charming work is under the direction of Messrs. Nixon & Zimmerman this season, which in itself is a guarantee as to its quality. This enterprising firm does anything by halves and has finished this production with a superb scenic investiture, wonderful electrical and mechanical effects, forming a continuous stage picture whose beauty and brilliancy have never been equaled in a production of this kind. "The Gingerbread Man" will be seen at the Auditorium on Friday evening, Dec. 6.

THE RIVALS NEXT WEEK.
At the Auditorium next week the theatergoers of this city will have an opportunity of comparing W. W. Jefferson's performance of "Bob Acres" in "The Rivals," with that of his father, the late Mr. Joseph Jefferson, "The grand old man of the stage." Wm. W. accompanied by his brother, Joseph, who has been the "Sir Lucius" ever since the death of W. J. Florence, and supported by an exceptionally efficient company, will produce that famous old English comedy.

ESTIMATE MADE FOR A SUBWAY UNDER TRACKS

B. & O. Supt. J. F. IRWIN TELLS CITY COUNCIL IT WILL COST \$15,000.

Mayor's Report—A Number of Improvements Considered by City Council Monday Night.

Council met in regular session on Monday night, with Councilmen Beadle, Caine, Conrad, Hughes, King and McNeally present. In the absence of President Harry Roosevelt, Councilman Beadle presided.

After the roll call and the minutes of the last meeting had been read and approved, the mayor's report for the month of November was received and filed. It showed that there had been collected by him for the coming year the sum of \$101, for city licenses, \$80.75, city fines, \$30; collected for city costs, \$29, chief of police costs in state cases, \$34, a total of \$284.75.

The Board of Public Service submitted a communication from J. F. Irwin, division superintendent of the B. & O. railroad, estimating that the subway under the tracks west of the bridge on the Columbus and Newark division would cost \$15,200.

The board also submitted a communication from the paving contractors on West Main street stating that they would be compelled to cease work on that street between Linden avenue and the corporation line on account of the street railway not being able to lay their new rails. The communication stated that if the work was delayed until spring it would mean an increased cost to the city. Both reports from the board were received and filed.

A petition was read which was signed by ten subscribers asking that Condon alley be changed to Condon avenue.

A second petition signed by a number of interested property holders was read asking that the grade be lowered on an alley running north and south between Fourth and Fifth streets. It was referred to the street committee.

An ordinance introduced by Councilman Beadle was read asking for the transfer of funds in the department of the Board of Public Service to the amount of \$300. It was passed under a suspension of the rules. The money will be used for raising the pavement at the East End fire department.

An ordinance introduced by Councilman Beadle was given its second reading and passed under a suspension of the rules which fixes the number and salaries of the fire department, and which was published in a previous number of the Advocate.

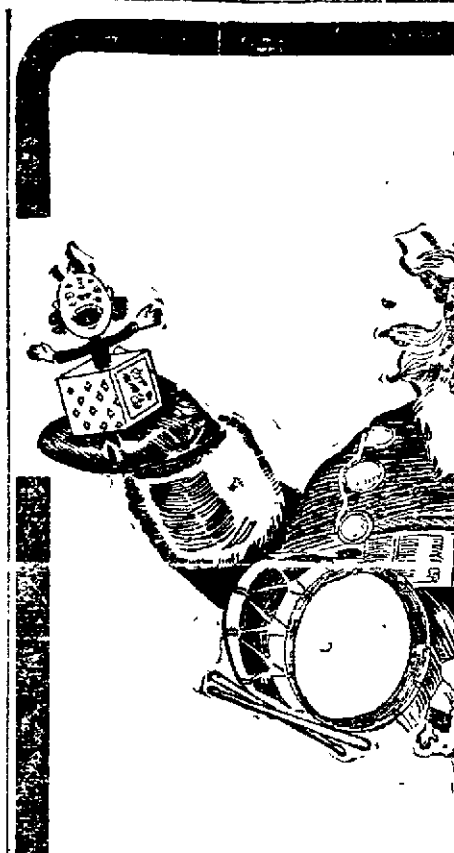

An ordinance was introduced by Councilman King calling for the appropriation of \$1,000 and authorizing the Board of Public Service to enter into a contract for the construction of a concrete retaining wall on the south side of Log Pond run between Fourth street and Elmwood avenue. It was passed under a suspension of the rules.

An ordinance which was passed under a suspension of the rules and which was introduced by Mr. King authorized the transfer of \$5,000 of Board of Public Service funds which will be used in street repairs.

A resolution was introduced by Councilman Hughes asking that plans be prepared for a sewer on Pataskala street, between Fourth and Fifth streets.

Three resolutions were introduced by Mr. King covering contemplated street improvements. The first declared it necessary to improve Hoover street from Fourth to Buckingham streets by paving and curbing the roadway. The second declared it necessary to improve Buckingham street from Granville to Commodore streets by paving and curbing the roadway, and the third declared it necessary to improve Chestnut street from Fourth to Buckingham streets by paving and curbing.

Remarkable Rescue.
That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and when I had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c. and \$1.00 at F. D. Hall's drug store. Trial bottle free.

ROOSEVELT STILL PLAYS THIRD TERM HIDE AND SEEK
President Authorizes Statement That He Didn't Talk Third Term to Mr. Hinshaw.

The Advocate received a United Press telegram from Washington on Monday quoting Representative Hinshaw as saying no President had informed him that "he would not devote one single point from the announcement already made." This interview was said to be the most positive statement on the third term question since Mr. Roosevelt's announcement in 1904. The foregoing paragraph makes the following message from Washington of special interest.

Washington, Dec. 3.—"I will not devote one single hairbreadth from what I have said."
That is what Representative Hinshaw as saying in relation to a third term nomination, just after leaving the White House Monday. Later the following was issued from the White House:

"The statement is authorized at the White House that the President in talking with Representative Hinshaw referred to his policies, and not to any question of a third term."
For the last six months, the President has graciously refrained from answering to his attitude toward a third term.

When Mr. Hinshaw was asked what he had to say in the light of the President's construction of the conversation he scratched his head and answered meditatively:

"Well, we discussed both politics and third term. Maybe I got mixed."

BIG BOND FIXED FOR TREASURER BY THE BOARD

A. P. TAYLOR GIVES SURETY AS
CUSTODIAN OF THE SCHOOL
FUNDS.

Truant Officer Jones Makes Report
and Receives Thanks of the
Board.

The board of education barely had
a quorum at their semi-monthly
meeting Monday night and that fact
seemed to put a damper on the meet-
ing for very little business was trans-
acted. On roll call members Haight,
Fulton, Beggs and Keller responded.
Mr. Keckley came in later. The usual
routine of business, the reading of the
minutes of the previous meeting, al-
lowing bills and the reading of com-
munications, was transacted.

One letter was received from the
board of public service requesting
that the rubbish and supplies piled on
and near the sidewalk in front of the
high school addition be removed. The
building committee will look after the
matter. The work on the addition is
progressing in a satisfactory manner
and the building will probably be un-
der roof in a very short time.

The monthly financial report showed
that in the building fund there re-
mained a balance of \$56,307.46, the
treasury balance is \$40,483.51. The
\$10,000 has not yet been transferred
to the sinking fund from the building
fund out of the amount above.

The school children of the city will
have two weeks vacation at Christmas
time, as this vacation was suggested
by Supt. Simkins and passed with a
rush. The vacation will be from
December 20 to January 6.

Truant Officer Jones submitted his
report for November showing that
during the month there had been 53
cases of absence and 8 truant. He
also read the following report and a
vote of thanks was given him by the
board:

TRUANT OFFICER'S REPORT.

Collected 582 bundles of clothes;
800 packages of fruits and vegetables.

These were taken to the vacant
room in the Metz building on South
Third street, which was donated for
the purpose, and distributed to the
needy. Mrs. Rugg, Mrs. Longshore,
and Mrs. Bareus aided in the distribu-
tion as well as in cleaning the room
on Saturday morning.

Mrs. Albert, who lives in the Frank-
lin Addition, and who is one hundred
and six years old, was waited upon
personally at her home by Truant
Officer Jones and given a generous
donation. She placed her hands up-
on his shoulders and said, "Is this
all for me? Thank you. Fifty years
ago I was as tall as you." To which
Mr. Jones replied: "Yes, Grandma, we
are all growing earthward." Mr.
Jones says her thankfulness repaid
him for his several days' strenuous
Thanksgiving effort.

There was 40 per cent less absence
in November, 1907, than in November,
1906, and 70 per cent less truancy.

This is largely due to the excellent
work done by the juvenile court.

Judge E. M. P. Brister is one of the
foremost juvenile court judges in this
state and no other is more ably as-
sisted than is he in the person of his
probation officers, Mrs. Mary Swan
and Dr. C. F. Legge.

**A Nation of Cripples—
Rheumatism Beyond
Control.**

The Only Hope to Rheumatic Suffer-
ers is Uric-O Treatment.

It has in the past few years, it would
seem as though we would before long
become a nation of cripples. The ter-
rible desquithness of this disease is
apparent on every side of us. Almost
one out of ten of the crippled ones
meets had their affliction brought on by
rheumatism. How many thousands
more there are that are hopelessly dis-
abled and whom we never see. Rheu-
matism, from the very nature of the
disease, can never cure itself, and if
neglected is bound to grow worse rather
than better. If you ever have any
tingles or rheumatism, go to your drug-
gist and get a bottle of Uric-O, the
wonderful new Rheumatism Specific. It
will cure you and it is the only treat-
ment in the world that will cure you
permanently and thoroughly. Uric-O
cures by its direct action on the mus-
cles, blood and kidneys. It seeks out
the poisonous Uric and Rheumatic Acid
and drives it from the system and it is
only a treatment of such a nature that
will ever cure rheumatism. Liniments
and plasters only serve to drive it from
one spot to another. They never cure
rheumatism, because it is primarily a
blood disease, and until the blood is
cleared from the poison, a cure cannot
take place.

There never was a case of Rheumatism
that Uric-O could not cure and you
should not put off taking it. You can
test Uric-O free of charge if you wish.
Just cut out this advertisement and send
it to the Smith Drug Co., 32 Smith
Building, Syracuse, New York, together
with your name and address and the
name of your druggist and state that
you have never used Uric-O and would
like to try it. They will give you a bottle
through your druggist, a 75-cent bottle,
which you can test and try to your own
satisfaction.

Uric-O is sold and personally recom-
mended in Newark by Frank D. Hall,
North Side Square.

JUROR NOTIFIED OF THE DEATH OF HIS BROTHER

WHILE SERVING IN THE TRIAL OF A CASE TUESDAY MORNING.

He Was Excused and the Parties Agreed to Continue With Eleven Jurors.

In the case of B. Frank Barnes vs. the Newark Provident Association which was called for trial in the Common Pleas Court, Mr. S. P. Moore one of the jurors, was notified of his brother's death, which occurred at his home in Columbus, and he was excused from service on the jury. The case, by consent of parties, is being tried by eleven jurors.

Before Juvenile Court. Arthur Clark, a young colored boy aged 15 years, was brought before the Juvenile Court charged with train riding, habitual truancy and associating with immoral characters. The boy pleaded guilty to the charge and some of the testimony, especially that of the mother of the boy, corroborated the charge. The court ordered the boy sent to the Boys' Industrial School at Lancaster, and he was taken there Tuesday.

Creditors' Meeting. The first meeting of the creditors of Asbury Williams, a bankrupt, was held before Fred M. Sinke, referee in bankruptcy, in the Probate Court room on Tuesday, and Harry Graves of Croton, was appointed trustee. Bond \$100.

Slander Case. Andrus Pirick was arrested on a warrant issued by Justice M. O. Nash, charged with slandering Susanah Oway, a woman of good repute. The case was set down for hearing Tuesday afternoon.

Paternity Case. The case of the State of Ohio on relation of Agnes Huston vs. William Jennings, a paternity case, has been set for hearing in Justice Nash's court on Monday, December 9, at 9 o'clock. Jennings gave bond for his appearance in court in the sum of \$500.

In Probate Court. In the adjourned session of the Probate Court Tuesday morning the case of the State of Ohio vs. J. Blunt charged with cruelty to animals, was sent down for trial on Friday, December 6, at 9 o'clock.

In the case of the State of Ohio vs. William Christie, charged with theft larceny in stealing a half bushel of coal, an order was issued by the prosecuting attorney that the prosecuting witness would be required to give security for costs by the 15th of December, or the case would be dismissed.

Motion to Strike Out. In the case of Susan Hartman vs. The Columbus National Gas Company, the defendant, by its attorneys, Kibbe & Monticelli, has filed a motion to strike out certain parts of the petition as irrelevant, redundant and superfluous.

Bankruptcy Case. Some time ago Referee in Bankruptcy Fred Sinke called a meeting of the creditors of John D. McIntyre, a bankrupt, to be held in the court room of the Probate Judge on Tuesday, December 3. None of the creditors appeared and no trustee was appointed.

IMPORTANT CASE DECIDED TUESDAY

The case of B. Frank Barnes vs. The National Masonic Provident Association was decided today. On the 15th of March, 1905, the defendant association entered into a contract with Ira W. Munch, whereby the company insured said Munch against loss of life by accident in the sum of \$750, to Jacob Munch. That on May 3, 1905, Munch received accidental injuries at Columbus, which resulted in his death, caused by being run over by an engine. On the 14th of August, 1905, the beneficiary in the policy assigned it to the plaintiff. The defendant refused to pay the insurance. He asked judgment for \$750. The defendant says that the deceased came to his death by reason of unnecessary exposure to obvious risk of injury and that the injury was caused by his own fault and negligence. Also the defendant claimed that proper notice of the assignment had not been served upon the defendant, as required by the policy and by-laws. The court held that the service of a copy of the assignment of the policy upon the defendant, as provided by the by-laws of the company, was a condition precedent to a right of recovery, that the by-laws provide that a copy of the assignment shall be served upon the defendant within 15 days after it was made, and that the plaintiff would not be entitled to a recovery, these things not having been proved, as the court held, and the court directed a verdict for the defendant. Stasol, Kibbe & Monticelli, McBride (Mansfield).

L. H. Inseno's Will. The last will and testament of Leopold H. Inseno, deceased, of this city, was admitted to probate Tuesday. His widow, Maria Inseno, was named in the will as executrix, but no appointment was made for the present.

A Simple Cough Cure Home-Made

Here is a simple recipe that is a good thing to cut out and paste in your scrap book. It will make one pint of the most effective cold and cough remedy that any physician could give you. Here it is:

Granulated Sugar Syrup, 1 1/2 oz. Pinex 2 1/2 oz.

The Syrup is made by heating and stirring Granulated Sugar and Water. The 2 1/2 oz. of Pinex may be had of any good druggist at a cost of 50 cents. Mix in a pint bottle. Shake well, and take a teaspoonful every one, two or three hours as required.

Pinex might be called the concentrated essence of the Norwegian pine forests, famous for centuries in curing consumption, asthma and kindred membrane diseases. It is, as a matter of fact, the purest and most concentrated form of compound extract of Norway white pine tar. There are many pine tar or pine oil preparations, but none of these are to be compared with the pure Pinex itself. All druggists have it or can get it easily if requested to do so.

ago, is now rapidly recovering from his injuries, and no serious outcome is anticipated.

Guardian Appointed. Murilla M. Stadden has been appointed guardian by the Probate Court of George W. Stadden.

STATE FUNDS

MAY HAVE BEEN USED BY TREASURER GLAZIER, OF MICHIGAN.

WHO IS NOW A BANKRUPT

If Investigation of Affairs Reveals This Fact, He Will Be Arrested.

Detroit, Mich., Dec. 3.—It was announced Monday that State Treasurer Frank P. Glazier's financial affairs were so involved that he would have to go into bankruptcy. His liabilities are estimated at \$1,250,000. His assets will not amount to one-fourth of this immense sum. Visionary speculations, in which he figured the profits on paper while he was putting nearly \$400,000 in real cash into various business ventures and homes for his employees, are the cause. Then came the financial stringency, and Glazier found himself short of cash. He borrowed heavily from his own bank—the Chelsea Savings Bank at Chelsea—to carry on his foundering love manufactory and other manufacturing concerns. His creditors began to press him, so heavily that nothing was left but to give up the fight. At a meeting of the creditors here his insolvency was announced. He owes Detroit banks \$640,000.

Glazier is president of the Chelsea Savings bank and the Glazier Store company and four or five other minor concerns. In the former, as State treasurer, he had \$680,000 of the state's money on deposit, almost one fifth of the entire amount of the state's funds, which amount to \$3,342,000. The banks is now in the hands of the state bank examiner and Attorney General Bird is conducting an investigation.

If it is shown that Glazier used the state's money to float his business enterprises, his arrest will be ordered. Lions and tigers are too weak in lung power to run more than half mile.

MALE CHORUS WAS ORGANIZED

MONDAY NIGHT AND OFFICERS AND DIRECTORS WERE ELECTED.

With the Ladies' Chorus the Newark Choral Society Will Be Formed.

A large number of male singers met in Prof. W. W. Flora's studio on Monday evening for the purpose of organizing a male chorus, which was done with the following officers elected:

Director, Walter W. Flora. President, Charles W. Cooper. Vice president, Dr. Arthur E. Best. Secretary, Dr. C. B. Keller. Treasurer, Carl F. Helm. Executive committee: George E. Stephan, James Richter, Walter W. Welker, Robert Costello, Edward George.

This completes the three organizations which will participate in the spring festival to be held here in May. The Newark Ladies Chorus united with the Newark Male Chorus which forms the Newark Choral Society, gives to Newark a grand chorus of 100 voices.

The Newark Choral Society is now making arrangements to co-operate with the Columbus Oratorio Society to use the same soloists that will be heard in the Columbus May Festival. If such arrangements are completed, Newark will hear the following soloists in May: Miss Louise Forsmy, soprano; Miss Lilla Snelling, contralto; Mr. H. Evan Williams, tenor; Mr. Julian Walker, basso.

Prof. Flora and the committee are thinking of using the following works: "The Swan and the Skylark," by A. Goring Thomas; "Sampson," by Handel. These three organizations mean to co-operate with each other until Newark is thoroughly awakened musically. They ask the hearty support of all interested and concerned.

JUDGE WICKHAM

IS IN COSHOCTON HEARING THE MOTION FOR A CHANGE OF VENUE.

In the Case of Ben Dickerson, Which May Be Sent to Newark For Trial.

Judge E. M. Wickham went to Coshocton at noon Tuesday to hear the motion for a change of venue in the case of Ben Dickerson, the alleged murderer of Catherine Hughes, who was once convicted of the crime, but who has been granted a new trial. Judge Wickham will also appoint counsel to defend the prisoner, he being indigent and without means to employ counsel. Should the change of venue be sustained the judge will designate to which one of the ad-

joining counties the case will be removed for trial. It is possible that the case may be brought to Newark. If, as is anticipated, the attorneys for the defense secure a change of venue it is expected that the trial of the case will be postponed until January, since after the court has appointed counsel for Dickerson time will be required to prepare for the trial.

REV. JOS. A. BENNETT

Newark Pastor Begins a Series of Special Services in Church at Coshocton.

Coshocton, Dec. 3.—Rev. Joseph A. Bennett of Newark began a series of special services at the Baptist church here last night. He comes with a record of a number of successful meetings behind him and it is anticipated his visit will be a great blessing to Coshocton. Before going to Newark Mr. Bennett was pastor of a large Baptist church in Philadelphia and all the time now which he can spare from his present charge is devoted to evangelistic work.

Rev. and Mrs. Eddy will have charge of the music at all the meetings. They will continue for two weeks and all interested in such work are invited to attend them.

ALL EMPLOYEES MAY BECOME STOCKHOLDERS

IN THE GREAT PENNSYLVANIA COMPANY UNDER NEW SCHEME.

Items of Interest to Railroad Men, Both Local and General Printed Here.

Considerable interest is being attached to a scheme being considered by the Pennsylvania railroad company to make its employees stockholders, the plan being similar to that of the United States Steel corporation. Much local interest has been aroused in the proposition.

The idea is to sell shares of the Pennsylvania stock to employees who are willing to become stockholders and remain in the service of the company. The purchaser will be permitted to pay on the installment plan, a certain per cent of his monthly wage being deducted.

The stock will be sold in such a way that all employees of the road can purchase, but the amount of it will be proportioned consistently with the wages drawn by the purchaser.

With the inauguration of this scheme the company hopes to raise sufficient funds to carry out vast improvements now contemplated and increase the facilities for handling

freight so that no further difficulty may be experienced in this regard.

Big Traffic Expected.
